

IT Internship Summer 2010

Alaska Aerospace Corporation (AAC) is seeking a technical student in good standing who is currently enrolled in an information technology program or a computer science degree program to participate in a 10 week summer internship in Anchorage, Alaska. The internship will run from May to August, with the exact dates to be determined. Applications must be received by 28 February 2010. This is a paid position paying \$18/hr. AAC is an EEO employer.

Selection Criteria

- U.S. citizenship mandatory.
- Alaskan residents have priority.
- Students in the last half of their training/studies have preference.

Internship Job Descriptions

Under the shared supervision of the Information Systems (IS) Lead and Director, Contracts and Materiel Management, the IS Intern will assist with the disposition of government owned computers and other related equipment, setting up computer systems and supporting infrastructure, setting up online training programs, and creating websites to assist with business processes.

Application Process:

Respond by email to info@akaerospace.com to the attention of Shad Combs and Jeffrey Roberts; provide a letter of interest, resume, and three references. Applications must be received by 28 February.
